

LONG LIFE

14W LED Bulb

LongLife LED Bulb is a designed evolution. Manufactured with high quality aluminum heat sink & leading industrial LED modules. This special item uses our patent tech, called COHS, which makes our bulb remove other thermal resistances between chips and heat sink, so the lifetime of the bulb would be longer than others. We devote ourselves to reduce the cost, while improving our lumens and quality. Our products are eco-friendly, without toxic materials, energy saving, and 100% made in Taiwan. Easy installation, instantly switch on, without UV and RF.

For all the reasons above, our products are "Long Life."

LED 14W Bulb Specifications

Product Number	LBE27-14T1A-C0	LBE27-14T1A-W0
Power Consumption	14W ± 10%	14W ± 10%
Output Voltage	46V@300mA	33V@300mA
AC Input Voltage	100V~240V	100V~240V
Field Angle	300°	300°
Color Temperature	5500 ± 300K	3000 ± 200K
Chip Lumens	1400 ± 10%Lm	1050 ± 10%Lm
CRI	70	80
Power Factor	>0.99	>0.99
Equilibrium Temp.	60°C	60°C

Features

- ✧ Wide Angle
- ✧ Low Light Decay
- ✧ Low Heat
- ✧ 2 Year Warranty
- ✧ Made in Taiwan

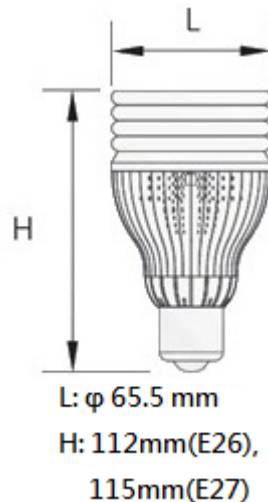

Applications

- ✓ Office
- ✓ House
- ✓ Store
- ✓ Interior Space
